Classic Collection

Achievement, beautifully presented.

C16 / CORNER SAMPLE

Considered frames.
Distinguished presentation.

BASED IN ENGLAND / SERVING THE UK

THE CLASSIC COLLECTION

For the things you have earned.

Certificates, qualifications and milestones deserve a place where they can be seen and appreciated.

Classic offers a considered choice of frame designs for businesses, educators and organisations. From a single professional achievement to a coordinated display, the aim is the same: a presentation that feels composed, purposeful and beautifully finished.

Our family story began in 1970 with Yahya Bhai Kanchwala and his skill in frame design and glass cutting. It continued through Taizune Kanchwala at Arwa Frame Works. Today, Taher carries that legacy into a new chapter with YTK Framing Works Limited, based in England and serving the UK.

Elegance within reach.

We believe a beautiful frame should be an attainable choice - a thoughtful way to give important moments the presence they deserve.

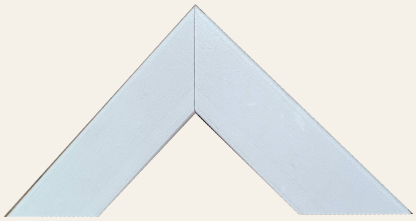

A CONSIDERED CHOICE

A closer look at Classic.

Start with the impression you want to create: quiet and understated, warm and familiar, or a little more decorative. Use the product codes to tell us what catches your eye.

C11

C22

THE DESIGN

Actual corner and straight profile samples show the border designs. Some photographs show only part of a sample.

THE DIMENSIONS

Photographs are not a scale guide. Share your required dimensions so we can confirm suitability and measurements.

THE SUPPLY

Orders are normally supplied as fully joined empty frames. Glass and backing can be discussed separately.

BEFORE YOU ORDER

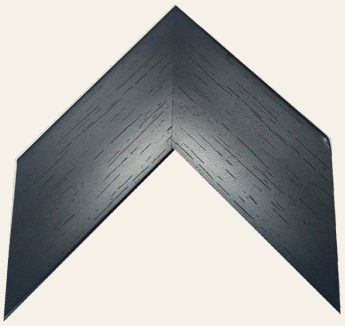

Asterisks identify photographs where part of the sample is cropped, obscured or difficult to judge. Confirm the selected profile and finish with us before ordering. Colours can also vary between screens.

PRICE ON ENQUIRY

Bulk-order quotations available.

Sample views are not to scale. Sizes and availability are confirmed with your quotation.

MADE AROUND YOUR REQUIREMENTS

Your quotation, considered.

Every order begins with the right details. Tell us what you need and we will confirm the available options and costs before manufacturing begins.

Price on enquiry.

Bulk-order quotations are tailored to the selected designs, dimensions, quantities and delivery requirements. Availability is confirmed for each order.

WHAT IS SUPPLIED

Fully joined empty frames

The frame border is supplied joined together. Separate cut pieces can be discussed on enquiry, subject to availability.

OPTIONAL ADDITIONS

Glass & backing

Glass, backing board and other supporting materials may be arranged on request, subject to availability and additional costing.

TO PREPARE YOUR QUOTATION

01 **Product codes & quantities**

List the designs you prefer and the number of each.

02 **Dimensions & options**

Send the item size and explain whether measurements refer to the item, frame opening or outside of the frame.

03 **Delivery postcode & date**

Tell us where the order is needed and your preferred timescale.

CLARITY AT EVERY STAGE

Ordering with confidence.

Your order details, availability and quotation are agreed before production. Our usual minimum for Classic is 10 frames per order.

01 Confirm your selection

We confirm the designs, measurements, quantities, supply options and full quotation. Mixed designs and sizes are subject to confirmation.

02 Begin production

A 70% advance payment is required before manufacturing starts. The remaining 30% is due within two calendar days of delivery.

03 Agree your timescale

We deliver across England, Scotland, Wales and Northern Ireland. Pre-order production starts 13 November 2026, with delivery expected within two weeks of production starting. For later orders, delivery is expected within two weeks of confirmed specifications and the 70% advance payment. Your quotation confirms the delivery date and order-specific charges.

IF YOUR DELIVERY ARRIVES DAMAGED

Please inspect the delivery promptly. Report visible damage as soon as possible, preferably within 18 hours, with your order reference and clear photographs of the frames, packaging and delivery label. Please retain the packaging. An unboxing video can help, but is optional.

Confirmed transit damage is normally resolved by replacing affected frames at no additional cost, including replacement delivery. Appropriate repair or refund arrangements may apply. Report later-discovered damage promptly after discovery. Your statutory rights are unaffected.

YTK Framing Works Limited is not currently VAT-registered. Delivery and any other applicable charges are set out in your quotation.
