TRADE CATALOGUE

THE MOMENTS WE KEEP

A moment passes. Its meaning stays.

The photograph everyone returns to. The wedding portrait that still brings a smile. A family gathered in one place, at one particular time.

Premium is a setting for those moments - a collection of expressive profiles, quiet tones and decorative details that give a photograph presence while keeping its story at the heart.

P37 / CORNER SAMPLE

For the people and places you hold close.

AN INVITATION TO LOOK CLOSER

The Premium Collection.

A setting for the moments that matter.

For family portraits, wedding photography and personal milestones, Premium offers a choice of borders with character and presence. From understated profiles to decorative finishes, find a design that feels right for the photograph and the space around it.

Our belief is simple: elegance should feel considered, personal and within reach. A quotation is shaped around your chosen designs, dimensions and order requirements.

A FAMILY TRADITION. A NEW CHAPTER.

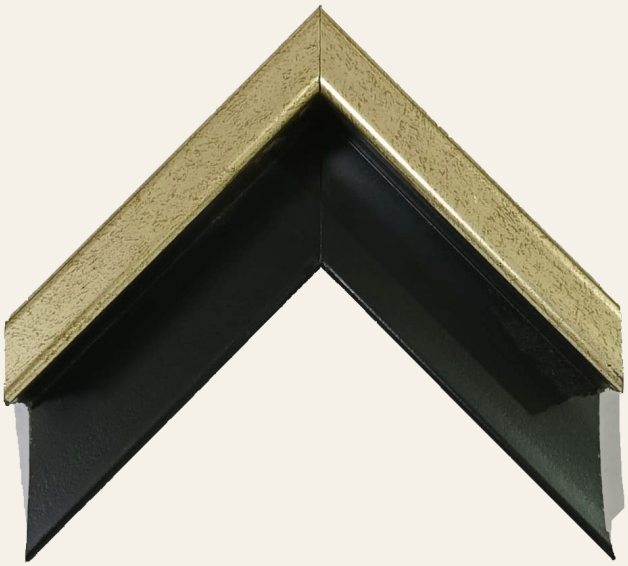

Our family story began in 1970 with Yahya Bhai Kanchwala, skilled in frame design and glass cutting. It continued through Taizune Kanchwala at Arwa Frame Works. Today, Taher carries that legacy forward through YTK Framing Works Limited.

BASED IN ENGLAND / SERVING THE UK

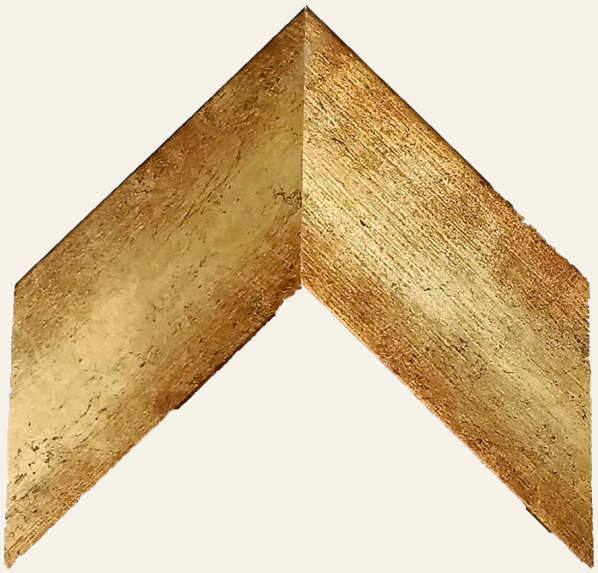

A STUDY IN PROFILE & FINISH

Presence in every profile.

A border changes the way a photograph sits within a room. Choose the balance of colour, detail and visual weight that complements the moment you want to display.

P10

WHAT THE SAMPLES SHOW

These are photographs of actual corner samples, shown with the joined corner at the top. Some views are partial. Asterisks identify photographs where a profile is cropped or partly obscured. Images are not a scale guide; confirm the selected design and finish before ordering.

CHOOSING WITH CONFIDENCE

Designs are arranged by visual character. Use the index to find any product code, then send your preferred codes, dimensions and quantities. Frames are normally supplied fully joined and empty. Availability and final details are confirmed with your quotation.

Photographs guide your selection; colours may vary between screens.

YOUR QUOTATION

A quotation, tailored to you.

Tell us what you have in mind. We will confirm the available designs, measurements and costs before manufacturing begins.

Price on enquiry.

Bulk-order quotations are shaped around the selected designs, dimensions, quantities and delivery requirements. All designs are subject to availability.

THE STANDARD SUPPLY

Fully joined empty frames

The frame border is supplied joined together. Separate cut pieces can be discussed on enquiry, subject to availability.

OPTIONAL ADDITIONS

Glass & backing

Glass, backing board and supporting materials may be arranged on request, subject to availability and additional costing.

ORDER QUANTITIES

Our usual minimum is 10 frames per order. Orders of eight may be considered when every frame is from Premium or Signature and priced at £45 or more, subject to confirmation. Mixed designs and sizes are also subject to confirmation.

TO PREPARE YOUR QUOTATION

Send the product codes, quantities, required dimensions and delivery postcode. Tell us whether measurements refer to the item, the frame opening or the outside of the frame. Include any glass or backing requirements and your preferred delivery date.

CLARITY AT EVERY STAGE

A clear way to order.

We agree the product selection, measurements, availability and quotation before production. The payment arrangement is straightforward.

70%

BEFORE MANUFACTURING

The advance payment starts production once your order details have been confirmed.

30%

AFTER DELIVERY

The remaining balance is due within two calendar days of delivery.

PRODUCTION, DISPATCH & DELIVERY

We deliver across England, Scotland, Wales and Northern Ireland. Pre-order production starts 13 November 2026, with delivery expected within two weeks of production starting. For later orders, delivery is expected within two weeks of confirmed specifications and the 70% advance payment. Your quotation confirms the delivery date and order-specific charges.

IF YOUR DELIVERY ARRIVES DAMAGED

Please inspect the delivery promptly. Report visible damage as soon as possible, preferably within 18 hours, with your order reference and clear photographs of the frames, packaging and delivery label. Please retain the packaging. An unboxing video can help, but is optional.

Confirmed transit damage is normally resolved by replacing affected frames at no additional cost, including replacement delivery. Appropriate repair or refund arrangements may apply. Report later-discovered damage promptly after discovery. Your statutory rights are unaffected.

YTK Framing Works Limited is not currently VAT-registered.
