THE SIGNATURE COLLECTION

Some things are irreplaceable.

A work of art you return to. A keepsake with a story only you can tell. A photograph whose value has little to do with its price.

Signature is for pieces of particular significance. Expressive borders, decorative detail and considered visual presence offer a setting chosen with intention.

S31 / CORNER SAMPLE

For the piece. For the story. For you.

AN INDIVIDUAL POINT OF VIEW

Inside Signature.

For pieces of particular significance.

A collection for artwork, treasured keepsakes and commemorative pieces that call for a distinctive presentation. Signature places emphasis on decorative character and visual presence - a border chosen as thoughtfully as the piece it surrounds.

We build confidence through clear quotations, confirmed specifications and direct communication. Tell us what the piece means to you and how you want it to be seen.

A FAMILY TRADITION. A NEW EXPRESSION.

Our family story began in 1970 with Yahya Bhai Kanchwala, skilled in frame design and glass cutting. It continued through Taizune Kanchwala at Arwa Frame Works. Today, Taher carries that legacy into a new chapter with YTK Framing Works Limited.

BASED IN ENGLAND / SERVING THE UK

A CONSIDERED SELECTION

Choose with intention.

Look at the balance of colour, pattern and profile. The frame should give a piece presence while allowing its meaning to remain the centre of attention.

01 The design

These are actual corner and straight profile samples. The photographs guide your choice of border and are not a scale reference.

02 The piece

For valuable originals or sensitive items, tell us about any specialist display or preservation needs so suitability can be confirmed.

03 The specification

Frames are normally supplied fully joined and empty. Glass, backing and any specialist requirements are discussed separately.

TO PREPARE YOUR QUOTATION

CLARITY AT EVERY STAGE

A clear way to order.

We agree the product selection, measurements, availability and quotation before production. The payment arrangement is straightforward.

The advance payment starts production once your order details have been confirmed.

30%

AFTER DELIVERY

The remaining balance is due within two calendar days of delivery.

PRODUCTION, DISPATCH & DELIVERY

We deliver across England, Scotland, Wales and Northern Ireland. Pre-order production starts 13 November 2026, with delivery expected within two weeks of production starting. For later orders, delivery is expected within two weeks of confirmed specifications and the 70% advance payment. Your quotation confirms the delivery date and order-specific charges.

IF YOUR DELIVERY ARRIVES DAMAGED

Please inspect the delivery promptly. Report visible damage as soon as possible, preferably within 18 hours, with your order reference and clear photographs of the frames, packaging and delivery label. Please retain the packaging. An unboxing video can help, but is optional.

Confirmed transit damage is normally resolved by replacing affected frames at no additional cost, including replacement delivery. Appropriate repair or refund arrangements may apply. Report later-discovered damage promptly after discovery. Your statutory rights are unaffected.
